Work Smarter Everywhere

Overview

Save time, reduce errors, and raise the bar for inspections. Say goodbye to lag times in repairs and delays in finding equipment and parts. Increase customer satisfaction with IntelliDealer™ ID MobileAccess. Our modern, enhanced mobile app simplifies workflows, cuts waste, reduces lost time. Technicians have real-time information from IntelliDealer at their fingertips to post status and update work orders in the field. Your team can run smoothly, efficiently, and at optimized cost to you.

Perform Inspections from Anywhere, Anytime

1 Generate more detailed inspection reports using multiple sources — Site Inspection, Rental Return inspection from MobileTech or manually as needed.

2 Track repair times in the field — even without connectivity.

3 Use talk-to-text to input repair cause and corrections on the spot.

4 Get equipment inventory information right when you need it.

5 Perform detailed searches, get in-depth parts information and updates of on-order quantities by branch.

6 Optimize your call schedule, call history, and monitor real-time status of calls from anywhere.

The ID MobileAccess App is available to download from the Android Play or Apple app stores.
