

## GROW YOUR DEALERSHIP WITH A COMPEHENSIVE DMS

**At the forefront of innovation, IntelliDealer from VitalEdge Technologies is shaping the industry's future.**

Don't let your lagging Dealer Management System (DMS) leave you behind. An outdated and unoptimized DMS can't handle your multiple locations and different suppliers, or properly support a growing business. You need a system with real-time visibility that gives you the insights and data necessary to make better business decisions and boost productivity and profits.

IntelliDealer by VitalEdge Technologies leads the construction and agriculture industries with focus and agility, using customer feedback to drive innovation. Our powerful dealer-trusted DMS can manage operations from end-to-end, whether in the office or on the field. Through both IntelliDealer's and VitalEdge Technologies' endless commitment to shape and revolutionize the industry's future, we continually deliver new cutting-edge integrations and solutions.
